RANTA THATO ALBERT

CAREER OBJECTIVE

I am currently doing my third year in Civil Engineering National Diploma. I have sound interpersonal skills with the ability to work equally effective as an individual and as part of a team and to acquire professional knowledge and skills in the urban and Regional field.

I aim to develop myself as a seasoned professional, to apply my skills and expertise to develop communities, to benefit the organization I am employed in, and contributing to the profession as I esteem the importance of SHEQ (safety, health, environment and quality).
